Value & Innovations
of NXGEN Canada

Business Management at Manitoba Trucking Association has its Benefits

You could get your credit and debit card processing from lots of different companies. But, if you did, you'd be missing out on the important benefits many of the MTA members already enjoy.

We know how important payment processing is to your bottom line. We also know you don't want to be hassled by every vendor claiming a better deal. That's why we focus on what our members want most.

Through a wide-ranging evaluation of the options we found the partner who offers the most robust and cost-effective solution.

The Manitoba Trucking Association recommends NXGEN Canada.

NXGEN is the largest merchant services provider of Elavon, the #2 processor in North America. NXGEN is the experienced leader working with referral partners across North America to bring merchants product and service innovations that fuel real business growth.

We invite you to learn all that NXGEN can do for your business. For a free analysis that will demonstrate just how NXGEN can improve your profitability and reduce your business risk, call Richard Walter at 866-288-1587 Ext. 108

Reduce your Business Risk

Elavon's network is both EMV Chip and Pin and PCI-DSS (Payment Card Industry - Data Security Standards) compliant and meets or exceeds all Visa and MasterCard association security requirements. Elavon operates between 50%-60% capacity with redundant backend switches and 4-8 second authorization times.

Transparent Easy-to-Use Reporting Gives You Control

Complicated reporting can leave you wondering. What's your true costs? Which transactions could have cost you less if you'd only run it differently?

NXGEN offers the type of reporting, access and control that merchants value most highly. Always online, always available, always easy to understand. As you take advantage of all the services NXGEN provides, you'll find your business enjoying big business advantages, no matter what your current volume or number of transactions.

Exceptional Customer Service 24/7

Merchants who choose to work with our recommended partner quickly recognize the positive difference personal-based customer service makes. Knowledgeable, friendly, and committed to your success are NXGEN's hallmarks. Merchants come for the NXGEN clout and stay for the service.

Accept all Payment Types Credit and Debit Card Processing

The Manitoba Trucking Association is committed to saving you money on all your credit and debit card processing. Through NXGEN, we offer the lowest rates to our business clients.

Gift Cards; Realize the Same Performance and Profitability as the National Chains

Merchants of all sizes are launching profitable gift card programs every day. Customers prefer them!

- 57% of gift card recipients spend more than the value of the card
- 12% of gift cards are never redeemed
- Quality card production, in-store merchandising, real-time transaction processing, robust activity reporting

NXGEN provides everything to ensure your personalized card program reaches full sales potential

Testimonials

"We switched to NXGEN Canada almost two years ago. After an extensive review of our locations we found that NXGEN's value proposition combining both great savings and excellent service made them a logical choice for our processing. They have lived up to those expectations and are an excellent business partner."

– Boyd M, Vice President
